EXPERIENCE

Front End Developer Intern

July 17, 2023 - Oct 17, 2023

Sports Excitement LLC NY

- As a Front End Developer Intern, learning about engineering tools and Fundamental browser-based Technologies like HTML, CSS, JavaScript, React.js and GitHub.
- Participating in Daily Scrum Calls and helped agile team in definition of design
- Developing application in alignment with latest coding practice and Industry standards.
- Working with developers executing front-end application design.

PROJECTS

E-Governance Chatbot | *Next JS, JavaScript, CSS, JSON*

Oct 2023 – Jan 2024

- Team Size: 4
- Developed an intelligent chatbot using Next.js, JavaScript, JSON and CSS to enhance citizen engagement and streamline access to government services. The chatbot provided real-time information, significantly improving response times and user satisfaction through a responsive and user-friendly web interface.

Portfolio Website | *HTML, CSS, JavaScript*

Aug 2023

- Developed a dynamic portfolio using HTML, CSS, and JavaScript to showcase projects and professional experiences, featuring an interactive interface and responsive design for enhanced user experience.

Flight Website | *React JS*

June 2023

- Built a responsive and interactive frontend using HTML, CSS, and JavaScript for a flight information website, focusing on intuitive search and display of flight details.
